XP – EXPERIENCE AND ENGAGE

Find a **LEGO** on the table. **If you would visualize your understanding of connected
learning as a LEGO sculpture, how would it look like?** If you see other builders
around the table, share with them your sculpture and your thoughts. Ask others to
share as well.

Find a big **poster with a statement** "Which principles and ideas of Connected
Learning resonate to your local context and emerging educational and recognition
challenges?". **Write your personal answer on the paper**, look what other people
wrote. If there are others at this moment, talk to them, discuss what is relevant and
applicable for your context
